

FIND IT! WITH

SENSIT[®] TKX

Combustible Gas Leak Detector

The Sensit[®] TKX is the perfect choice when locating hard to find natural or propane gas leaks. Low maintenance and a low initial cost make this product the ideal choice for the budget conscious.

FINDS LEAKS QUICKLY

- High sensitivity allows immediate leak detection
- Tick rate control to pinpoint leaks fast

LOW INITIAL COST

LOW MAINTENANCE

- Solid state sensor
- Alkaline battery powered

The Sensit[®] TKX is approved by Underwriters Laboratories to UL913, for Class I, Division 1, Groups C & D hazardous locations when used with Duracell MN1400K or equivalent alkaline cells.

FINND IT! WITH SENSIT[®] TKX

Combustible Gas Leak Detector

FEATURES

- High Sensitivity
- Audio and Visual Leak Indicator
- Adjustable Tick Rate for Fast Leak Pinpointing

SPECIFICATIONS

PHYSICAL

Size:	3.5" x 10" X 1.6" (8.9 x 25.4 x 4 cm)
Weight:	1.3 lb. (0.59kg)
Construction:	High impact ABS
Battery Power:	3 "C" alkaline batteries
Battery Life:	Approx. 30 hrs
Gooseneck:	16" (40.6 cm) reach
Operational Temp:	-20°F to 150°F (-28.9°C to 65.6°C)

SENSOR

Type:	Solid State
Sensitivity:	50 ppm methane
Response Time:	Less than 1 second

Industry Applications

- Utility Operators
- Emergency Vehicles
- Fire Departments
- Appliance Repair
- Marine Operations
- Plant Maintenance
- Heating and A/C Contractors
- Plumbing Contractors
- Housing Maintenance

Partial list of Gases Sensed

- Methane, Natural Gas, Ammonia,
- Hydrogen, Butane, Propane,
- Acetone, Gasoline, Ethylene Oxide,
- Lacquer Thinner, Industrial Solvents,
- Alcohol, Jet Fuel

The **TKX** has a 1 year warranty and comes with a carry pouch, alkaline batteries, earphone and instruction manual.
